Night operations are those conducted between the time of one hour after sunset and one hour before sunrise.

For night VFR operations the student must possess a Private Pilot certificate at a minimum.

All flights **MUST** be scheduled to return to Ellington Field (KEFD) by midnight.

Cross country flights are flights greater than a 50nm straight line distance from the departure point.

Passengers are not permitted on any cross country training flight.

All landings will be made to a full stop, to either visit the FBO or taxi back for takeoff.

Cross country flights may only be made to airports on the approved cross country list at Flying Tigers.

Pilots will maintain a log showing actual “out” and “in” times for each destination and checkpoint utilized in the flight plan (training requirement).

Each flight will be briefed with an instructor before flight, and de-briefed after the flight.
